Since its incorporation in 2003, the Foundation has bonded with individuals and businesses in creating programs to aid families sacrificing for their children's right to a values-based education. Through its fundraising efforts, the Foundation has raised over \$500,000 to help defray current operational costs of the school, while also building an endowment fund which grows for the benefit of future students. The support of benefactors like you has directly impacted the lives of students at St. Matthias by enhancing the quality of their academic school experience through enhanced core curriculum, as well as access to technology & liberal arts programs including supplemental programming in language, music, performing arts & after school programs. In addition, our support includes helping to assess students with disabilities to assure an optimal academic experience.
